

FOR IMMEDIATE RELEASE

David Mattera joins TRILANTIC as Director of Sales in the United States
Appointment of a US Sales Director signals TRILANTIC's rapid expansion

London 16 June 2008 - TRILANTIC a leading EU-based electronic disclosure specialist announced today that following rapid expansion of our client base of US based Corporations and Law Firms faced with EU documentation, the company has appointed David Mattera as Sales Director in the United States.

"This is a strategic appointment for TRILANTIC" says Nigel Murray, TRILANTIC's Managing Director "and with David's appointment, US based Corporations, Law firms and vendors who are faced with documentation in the EU, whether it be for litigation, arbitration or regulatory matters now have someone locally to contact to resolve their challenges".

David's experience in the Litigation Support Field began in 1997. After a highly successful career in sales with Ikon, David spent 6 years as Executive Vice President of a New York Based Service Bureau.

David will be based in TRILANTIC's New York office:

230 Park Avenue
10th Floor
New York City
New York 10169

About TRILANTIC

TRILANTIC is a UK and European-based legal support services company offering traditional and eDocument management solutions for all stages of any matter. Services encompass all aspects of electronic disclosure and include data acquisition, scanning & coding, database hosting, document disclosure, printing, courtroom/arbitration presentation, online Deal and Dataroom solutions, and technical support. TRILANTIC is the only company based in the City of London to provide eDocument processing on a 24 hours a day, seven days a week basis, either at their city offices or at client premises around the world.

TRILANTIC brings together some of the leading specialists from the eDisclosure field. Managing Director, Nigel Murray, is a founder of the litigation support industry in Europe. His colleagues have worked on many of the UK's major eDisclosure cases, continuing a pattern of successful innovation over the past twelve years. Highly respected within their industry, they provide the vital skills required in handling the vast volumes of electronic material encountered in today's disputes.
