Affordable eDisclosure Pricing

It is a widely held belief that electronic disclosure/discovery is very expensive and only to be used for the largest matters. Accordingly TRILANTIC has launched new pricing for matters with smaller amounts of email data to give lawyers all the tools they need to handle emails efficiently at a small fixed price per month.

The pricing is based on 1 Gb of data (which is the equivalent of 10,000 emails - which if printed out would fill 30 banker boxes) and includes the following services:

- de-duplication and key word searching
- loading the resulting data onto the world leading iCONNECT tool
- monthly hosting charges for up to 5 users

The price is £465 per Gb per month.

Optional extras:

- email threading - £0.08 per document
- training - £750 per session
- additional users - £50 per user/month
- conversion of documents to image (for pagination/printing) - £0.05 per page

Should you require further information on this pricing or any other of our eDisclosure services please give us a call.
